

Errata

Goodarzi MO, Jones MR, Chen Y-DI, Azziz R. First evidence of genetic association between *AKT2* and polycystic ovary syndrome. *Diabetes Care* 2008;31:2284–2287

In the print version of the article listed above, errors occurred that involve genetic variant labeling. In the first paragraph of the RESULTS section, the sentence beginning “The presence of the G allele . . .” should instead read “The presence of the C allele. . .” In addition, the labeling in Table 2 of the alleles for variants rs11671439, rs8100018, and rs2304188 is incorrect. The corrected version of Table 2 appears below. The errors do not affect the scientific conclusions. The online version reflects these changes.

Table 2—SNP location and frequency data

Variant	Location	Alleles (major/minor)	Overall MAF	PCOS MAF	Control MAF
rs11671439	Intron 1	T/C	0.078	0.068	0.088
rs8100018	Intron 4	G/C	0.262	0.296	0.216
rs3730051	Intron 8	A/G	0.221	0.247	0.180
rs2304188	Intron 10	T/C	0.153	0.141	0.178

MAF, minor allele frequency.

Friedman A, Marrero D, Ma Y, Ackermann R, Venkat Narayan KM, Barrett-Connor E, Watson K, Knowler WC, Horton ES, for the Diabetes Prevention Program Research Group. Value of urinary albumin-to-creatinine ratio as a predictor of type 2 diabetes in pre-diabetic individuals. *Diabetes Care* 2008;31:2344–2348

As printed, the name of an author, Allon Friedman, is incorrect. The correct name of the author is Allon N. Friedman. The online version reflects these changes.

American Diabetes Association: Diabetes in Hispanic American youth: prevalence, incidence, demographics, and clinical characteristics: the SEARCH for Diabetes in Youth Study. *Diabetes Care* 32(Suppl. 1):S123–S132, 2009

In the print version of the article listed above, the URL provided for accessing the online appendix is incorrect. The correct URL is as follows: http://care.diabetesjournals.org/cgi/content/full/32/Supplement_2/S123/DC1. The online version reflects these changes.
